Krypto Labs

A world-class ecosystem
for ground breaking start-ups

About Us

A world-class ecosystem
for ground breaking start-ups

Krypto Labs is a global incubator with a unique ecosystem for funding ground-breaking early stage start-ups. The combination of its virtual program, investment platform, and inspiring co-working space enables start-ups from anywhere in the world to innovate and develop revolutionary products and services across any industry.

Our programs are designed to accelerate growth and support established start-ups with vital assistance, including mentorship, funding, networking and other support services to allow innovators to concentrate on their core competencies.

Krypto Labs is backed by Abu Dhabi Financial Group (ADFG), a leading investment group with a global portfolio of more than US \$6 billion.

Our headquarters is in the sustainable eco-development Masdar City, in Abu Dhabi, United Arab Emirates, and our flourishing entrepreneurial network spans across the globe.

Incubator

For start-ups and individuals from anywhere in the world who want to innovate and develop revolutionary products and services across any industry.

Our incubator program is designed to launch early-stage start-ups and help them take their idea to market. Start-ups can be based in our headquarters or anywhere else in the world. Selected start-ups will:

- Accelerate their growth by enrolling at the Krypto Labs incubation program which can be attended in Abu Dhabi or virtually from anywhere.
- Gain mentorship access to an international network of leading industry experts
- Receive funding in return for a negotiated stake in their company. They may also receive subsequent funding.
- Secure priority spots in our community workshops.
- Be offered free working space.

Krypto Labs' atmosphere of collaboration and mentorship – along with our multitude of resources – will help prepare start-ups for acceleration and make them stand out against their competitors and place them on a pathway towards sustainability.

How It Works

Apply to join our community of like-minded individuals in an environment that will help your ideas flourish.

Application Submission

Complete our online application form: explain your idea and how you will make it a success.

Evaluation

We will make a preliminary evaluation of your application based on our selection criteria. Upon passing the first elimination process, you will be invited to pitch your concept or show your prototype.

Business Idea Improvement

If you are selected, you will receive the benefits mentioned above, and you will have the opportunity to work with our team of mentors to fine-tune your idea and give it the best chance of succeeding.

Co-working Space

Our sustainable state-of-the-art premises are inviting, inspiring, embedding and confidence boosting.

Krypto Labs will provide the entrepreneurial community with a co-working space where freelancers, independent contractors, work-from-home professionals and others can focus and achieve in the company of like-minded individuals. It also allows them to be part of a network that provides complimentary services to their businesses at very competitive price options.

Our tenants will be able to enjoy numerous benefits, including, but not limited to; a coffee shop, gym, tech shop, video and audio studio, fully-equipped meeting rooms, an event space, 3D-printing lab, top-quality ICT infrastructure and support, and Masdar Free Zone registration guidance.

Additionally, we have flexi desk and office rental options.

Collaborators

Our flourishing entrepreneurial network spans across the globe.

At Krypto Labs, we are passionate about innovation. We have come together from all over the world to help shape its future. We are committed to finding excellent ideas, and we have created a community that will provide those ideas with the support necessary to succeed.

Great guidance can be the crucial difference between success and failure for any start-up. That is why we have put together a world-class network of mentors – experienced strategists, executives, founders and tech disruptors/enthusiasts – to offer their expertise to our start-ups.

Location

We are based in the world's most sustainable eco-city and a prototype for smart future living - Masdar City, in Abu Dhabi, the capital of the United Arab Emirates.

Abu Dhabi

Abu Dhabi is located in the heart of the Middle East. It is an excellent strategic location for new businesses, with easy access to a wide range of markets.

Abu Dhabi is home to natives of more than 120 countries, making it a cosmopolitan and diverse city in which to live and work. The emirate's rulers are fostering a progressive agenda in technology, education, healthcare and economic development.

Its location, combined with this forward-thinking vision, means Abu Dhabi provides a dazzling array of opportunities for learning, research and innovation – making it the ideal place to turn bold new ideas into reality.
